

EXPERIENCE THE FUTURE. AVENUE HAS ARRIVED.

AVenue is the only AV over IP solution that synchronously records and plays back high-resolution audio and video in real time, from any location, for collaborative, rapid and precise decision making.

Synchronous Recording

Synchronous recording with real-time DVR controls enable pause, skip back, fast forward, catch up to live and content bookmarking.

Modern Infrastructure

Underlying architecture built on DevSecOps principles. TAA-compliant hardware and software supports resilient security posture.

Streamlined Workflows

Modernized workflows integrate traditional IT/AV silos and support cost-effective system modernization initiatives

Bridge the Gap Between AV and IT

Improves enterprise visibility and collaboration for accurate and timely decision making, data analysis, and speed to market.
